From the Principal

Dear Parents, Students and Friends of Ursula Frayne Catholic College,

Green Spaces—The Story Continues

Earlier this week I informed parents and staff that the College had submitted a revised Development Application to the Town of Victoria Park seeking approval to convert 28/30 Teague Street into green space for passive recreation and other educational purposes.

Plans/details of the proposed development can be viewed via the Town’s online consultation hub, *Your Thoughts* at <https://yourthoughts.victoriapark.wa.gov.au>. To access the ‘Your Thoughts’ hub, select the yellow ‘Your Thoughts’ tab on the homepage, select the ‘Development applications’ tab then select the relevant application.

The Council has been directed by the State Administrative Tribunal to reconsider its decision at the Ordinary Council Meeting to be held on 21 May 2019.

It is vitally important that our individual and collective views in relation to the application are clearly communicated to the Council. As such, I strongly encourage all members of our community to utilise the avenues that are available for this purpose.

Please do not underestimate the importance of expressing your support for this important opportunity for our current and future generations of students. An investment of 15-30 minutes of your time will be an invaluable contribution towards the potential success of this initiative.

Movie Night

On behalf of the College community I extend our appreciation to the Friends of Frayne for hosting the *Movie Night* last Friday evening. Thank you to the many families who were able to attend this very well supported function. I thank Jasmine Collier, Kelly Chambers, Melody Miles, Tricia Green, Bronwyn Bergl, Rosemary Hadarin, Jill Kosovich and their extensive and exceptional band of parent and student helpers for the organisation and conduct of this wonderful community building event. A special acknowledgment is also extended to Ian Johnston and Lee Barker from our Grounds and Maintenance team, for their personal support and practical assistance.

I invite and strongly encourage all members of our College community to support the many functions and opportunities sponsored by the Friends of Frayne. This year their focus continues to be on community building and positive involvement by all members of our College. It has been very pleasing to hear many positive comments from those who have participated in either some or all of the scheduled activities conducted so far this year.

In the busyness of life, it is important that we do not lose sight of the fact that Catholic education is a partnership – a partnership between the College, students and parents. Strong partnerships are built on solid relationships; relationships that are strengthened through an active involvement in the many formal and informal events, functions and opportunities that the College and the Friends of Frayne provide in support of students. Regular and active participation in the life of the College community can only enhance the educational opportunities and outcomes for all students.

On a personal note – thank you Friends of Frayne for the Choc Tops!

Code of Conduct - Respectful Relationships

The College's *Code of Conduct* outlines the expectations and associated responsibilities that all members of our *learning and faith sharing community, centred in Christ* are expected to uphold. It recognises the significance of appropriate, meaningful and respectful relationships and is inclusive of staff, students attending the College, their parents/guardians and immediate and extended families. The *Code of Conduct* is also applicable to volunteers and visitors to our campuses including contractors and alumni.

The *Code of Conduct* clearly addresses the shared responsibilities of all members of the College community in building a safe and respectful College community. As such, everyone has the right to differing opinions and views and to raise concerns, as long as they do so respectfully and as a community working together.

The *Code of Conduct* is not meant to be exhaustive. It does not attempt to provide a detailed list of expected behaviours. Rather, it is intended as a guide to assist students, staff and parents/guardians by setting out the standards of behaviour expected of them in the school environment, or when attending a function or activity of, or related to, the College in any location at which the College is represented. As such, I request that all members of our College community familiarise themselves with the specifics of the *Code of Conduct* accessible at: https://www.ufcc.wa.edu.au/images/pdf/code_of_conduct_131216.pdf.

Condolences

This week we learnt about the death of the grandfather of Olivia (4R) and Marcus (2R) Chambers in Queensland. Our thoughts and prayers are with Dan, Kelly and their family during this difficult time.

*Eternal rest, grant to him O Lord and let perpetual light shine upon him.
May he rest in peace. Amen.*

With regards and best wishes.

Mr Geoff Mills, Principal

Chaplain's Reflection

The Journey of Life

In our journey of life we can have moments of grace in which we can see the glory of Christ; moments, it seems we can touch the heavens and we are transformed by happiness. These moments are to help us later, to sustain us with hope and give us strength to trust in God, when the moments of sufferings and the cross come our way. We are called to participate in the death and resurrection of Christ and also to be transformed by his glory.

Abraham laughed and rejoiced the day he held his son Isaac in his arms for the first time. He felt so happy and grateful to God for fulfilling his promises. Surely this moment was one of the most joyful and uplifting days of his life. Several years later, Abraham is put to the test by the Lord with a very painful request: the life of Isaac. The man who had left his country and given to God his past and his present; was being asked to give his future, his projects and his dreams. This was a very low and difficult moment in the life of Abraham. God does not want the death of anyone but wants to know if Abraham is ready to trust in Him completely. Not half or one third of Abraham's heart, but everything, the whole heart. Surely, Abraham recalled the glorious moment when Isaac was born. His experience of God helped him to believe and trust wholly in Him.

Each one of us can have the same experience of the ups and downs of life. High moments full of happiness in which we see God close, blessing us with so much good and low times when we are in darkness, doubts, difficulties and pain. We should not judge our life for the hurt of one moment or the last painful event. We must recall, like Abraham, the joys and blessings of God which will help us to trust in God; a God who loves us so much who did not spare his own Son for us; a God who will not refuse anything and is always there to help us. Our weaknesses, sufferings and pains will be transformed into the glory of Christ's resurrection which will be ours in heaven. Until then we must journey the ups and downs of life, awaiting the fulfilment of the promises of God in our lives.

120 Year Celebration Story cont...

In Western Australia Mother Clare Buggy also suffered much from the difficulties of the foundation, especially physically in the early days. But she was strong enough to spend a long life of service to God, her community and many generations of children "with serenity, gentleness, and that indefinable 'something' that was a compound of rare holiness, good breeding and joyful endurance". She was continually to be seen on the playground with rosary beads in hand, keeping a watchful eye on the children. Nothing of their antics escaped her and although kind and gentle, she was nicknamed "clever sticks". In her later years she was a small, plump lady, a gentle, witty and wholesome person. "She was a small rounded lovely human being ... a woman of prayer but very practical in it. No pioucity ... she really lived out what she believed in." In her advanced years she still showed interest in all the human facets of life - from the government's free milk scheme for school children to the eye colour of a young music teacher's boy pupil. She became an ardent fan of the radio programme "Dad and Dave" and a one-eyed barracker for the Claremont Football Team whose defeats in her telling sounded like victories!

She suffered again physically in her last few years, this time from a cancer. While she gave little indication of the severity of her pain, she did pass a remark that gave some glimpse into her soul and some indication of the source of her strength. Every morning at Mass I place on the paten all my sufferings of mind and body, past, present and future to be offered with Jesus to the Eternal Father.

She died, "a little old Victorian lady and a loving Sister of Mercy" on 21 August 1951, at the age of 91. As one sister, who knew her only in her old age, put it, Mother Clare kept a little hold on your heart forever.

Health Care Card Tuition & Building Levy

Eligible cards for the Health Care Card (HCC) Tuition Fee Discount Scheme provide an automatic discount on the Tuition Fees and Building Levy to holders of a means tested family Health Care Card or Pensioner Concession Card. Further information can be obtained from the Catholic Education website: www.cewa.edu.au or calling 6380 5200. Discounted tuition fee for 2019 is:

- * \$300 pa for Primary students (Kindy-Year 6)
- * \$1500 pa for Secondary students (Years 7-12)

The State Government Educational Program Allowance (EPA, currently \$235), which is part of the Secondary Assistance Scheme, is paid to schools. In effect the fee for eligible Secondary students (Years 7-12) will be \$1,735, less the \$235 EPA, leaving eligible parents to pay \$1,500. The discounted tuition fee does not cover additional charges such as camps, Resources levies and subject levies. For holders of other types of Pensioner Concession Cards, including students, the College's 15% discount on tuition fees still applies as per previous years.

To access the Health Care Card Tuition Fee Discount Scheme, Secondary Assistance Scheme or the College's 15% discount for other Pensioner Concession Card holders, parents/guardians will need to show a valid Health Care Card or Pensioner Concession Card and complete forms at either campus. Secondary Assistance Scheme forms are available at the Duncan Street Campus only.

Concession Card discounts are not on going and need to be applied for each year. Cards that expire mid-year also need to be updated or the discount will only apply until the expiry date on the card. The cut off date to apply is Friday 12 April 2019.

Harmony Day

This year is the International Year of Indigenous Languages and to celebrate, the Year 6s went to the Victoria Park Library to participate in a special Harmony Day event. The workshop was run by multi-award winning music duo, Gina Williams and Guy Ghouse. They performed the Noongar language in song with a Wanjoo (Welcome song). Students were immersed with the culture by joining in the actions and singing the Wanjoo Song. The interactive workshop was a fun and engaging way to combine songs in Noongar language with storytelling and translations.
