- Parents must respond to all correspondence from the College that is addressed to them. Matters relating to student courses, changes of course, etc. cannot be decided by the College staff.
- Parents must ensure that term dates are strictly observed. The College discourages holidays within term time, as they are detrimental to a student's progress. The school's Assessment Policy for Senior School students also makes little allowance for absence for holidays during the school term. Failure to complete major assignments and tests can have an adverse effect on a student's final grade.

- Parents must ensure that their children arrive in Perth in good time before the beginning of each term and attends until the term officially ends.

A note or an email addressed to the Homeroom teacher is also required from a parent/guardian that confirmed the reason for the absence. The note should be passed on to the Homeroom teacher on the first day of a student's return to the College.
- In the case of a planned absence (family holiday, bereavement or hospital stay), parents or guardians need to inform the College giving exact dates prior to the commencement of the extended absence.
- Parents or guardians are advised that students are not permitted to use mobile phones during the school day and no responsibility can be taken should they go astray. Students needing to make urgent calls have access to a student phone at Student Services.
- Parents or guardians are advised that a full term's notice in writing must be given to the Principal before the removal of a student from the College. Failure to give such notice will involve the payment of the fee for the term notice period, irrespective of the date the student leaves the College. Should the student be required to leave the College for any reason, the fee for the notice period will be charged.
