

5 March 2024

Dear Parents/Caregivers

Vaping remains a significant health concern within our society. Despite the recent Government restrictions, there is little evidence to support the view that vaping has ceased to be an issue, or that teenagers are unable to access vapes.

To promote awareness within our student body as to the significant health risks associated with vaping, students in the Middle School will attend a presentation by Azelene Williams on Tuesday, 12 March. Azelene is an internationally published author and acclaimed presenter. You can find further information regarding Azelene here:

<https://azelenewilliams.com/>

as well as accessing her LinkedIn page:

[Azelene Williams - From Fear to Freedom](#)

Azelene will also be available for a parent focussed presentation on Vaping which will be held on Tuesday, 12 March starting at 6.30pm and finishing by 7.30pm. I would ask you to register your interest in attending this presentation by booking through the Trybooking link below to assist with catering. Please register by Friday, 8 March:

<https://www.trybooking.com/CPWRE>

Kind regards

Pauline Bourke
HEAD OF MIDDLE SCHOOL
